Bear It in Mind

That M. H. Abbott of the Oregon Herald the man who now boasts hypocritically of his loyalty and who denounces the patriots in Congress and the people who sustain them, as fanatics and traitors, declared in 1861, that military operations should be suspended, and that the South could not be conquered. Here are his words:

If Mr. Lincoln desires to preserve the peace of the country he should suspend the unprofitable military operations in which he is engaged. The miserable figure cut by his gunboats or armed vessels off Charleston ought to satisfy him of the futility of any effort to conquer the seceding States.

Bear it in mind, that in April 1861, M. H. Abbott of the Oregon Herald, said that those who responded to the call of the President to put down the rebels were "FANATICS, FOOLS AND VAGABONDS." Again we quote

Dispatches tell us that Pennsylvania is ready to furnish 100 000 men to engage in this enterprise of shedding the blood of the people of the South, that New York is somewhat less sanguinary, but still will furnish 25,000 men, that the Governor of Indiana will do as well, Ohio and Massachusetts even better; and in this way such a force is to be put in the field as was never known in this country. Mr. Lincoln may have relied on these computations of men to MURDER, and overrun the people of the South, but never was man more deceived. We make no doubt that there are FANATICS AND FOOLS AND VAGABONDS in the North, who might, if collected together, make a good sized army in point of numbers.

Bear it in mind, that M. H. Abbott is a representative member of the Democratic party of the State of Oregon, and that this party, which in 1866 expressed its gratitude to the soldiers of the country, in 1861 called them "FANATICS, FOOLS AND VAGABONDS" whose purpose was to "MURDER" the people of the South"—to "imbrue their hands in the blood of our friends, old neighbors and dear kindred."

Bear it in mind, that M. H. Abbott says "Democracy never changes;" and that as he says his party was in favor of a dissolution of the Union in 1861, so, by his own showing, it is in favor of a dissolution of the Union now.

A Mystery Explained

There has been much doubt and some discussion as to whom the Democratic State Convention referred in its tenth resolution. It has been all the time clear that somebody was held in "grateful memory." But whom did they thus hold? Most people found it impossible to believe that even the Democracy had sufficient impudence to speak thus of the Union soldiers, after abusing, traducing and maligning them for five years, as "mercenary" hirelings etc, and yet could they, in 1866 be shameless enough to avow in a public platform their gratitude toward rebels and guerrillas? We confess that knowing the constitutional leaning of the Democracy toward the ideal of an independent, "homogeneous and glorious Confederacy"—whether Southern, Northwestern or Pacific—we incline to the belief that they did not mean Union soldiers, that they did mean somebody else, but we were not prepared to say so positively.

A friend calls our attention to a couple of items in juxtaposition in the Northwestern Confederate Herald, of April 11th which no doubt settles the question. In one column is the tenth resolution in the next column and nearly opposite is the language quoted below, and which the Herald pronounces "eloquent." Here is the mystery explained:

DEMOCRATIC PLATFORM—10th *Resolved*, That we will ever hold in grateful REMEMBRANCE THOSE HEROES WHOSE PATRIOTIC, not MERCENARY or partisan services the dignity of the Republic and the integrity of the Union were preserved, and we denounce as a base INSULT to the GALLANT DYING AND HEROIC DEAD &c.

HENRY A. WISE'S SPEECH.—"I whoever will swear they (the Confederate soldiers) were rebels and traitors, I will consecrate the oath and appeal to God in the Holy of Holies, as high as Heaven's throne, and swear that they were sons of PATRIOTS, loyal citizens, well tried and true soldiers, brave, honest, devoted men who proved their faith in their principles by the deaths which consecrated them, immortal names and martyrs."

One of His Great "Successes"

It will be remembered that when M. H. Abbott commenced the publication of the *Oregon Herald* last March, he said in an introductory article which was written for the purpose of recommending himself to the public, that he had succeeded in every enterprise in which he had formerly been engaged, and that he wished this to be taken as an earnest of his success in the project of publishing a Democratic newspaper in the city of Portland. Now we shall not question the truth of the assertion that the aforesaid M. H. Abbott has always succeeded, as he modestly claims to have done. Indeed we have proof positive of success in at least one instance of which we will proceed to inform all interested. M. H. Abbott was an office holder in Minnesota under Buchanan, (where, by the way, he became acquainted with the "leading men" of that State—see Herald of May 8th,) and a recital of a little transaction he had with the Government while holding that position—which transaction was one of the great successes that he boasts of—will serve to exhibit him in a truly "Democratic" light, therefore we give the public the benefit of an acquaintance with this "successful" chapter in his history. The following letters explain themselves—and M. H. Abbott too.

DEPARTMENT OF THE INTERIOR
General Land Office Oct 11 1865

J. R. IRWIN, *Pittsfield Ill.*—SIR—I received to day your letter of the 5th inst. requesting a certified statement of the account of Milton H. Abbott" late Receiver of Public Moneys at Cambridge, Minnesota, with the aggregate debits and credits and the balance now due the U. S. thereon.

In reply I have to state that this office cannot prepare such a statement within the time required, and properly it belongs to the office of the First Comptroller of the Treasury who is the receiving officer of such accounts. I can state however for your information, that on the final adjustment of his accounts as Receiver, there was found due the United States on the 13th of October 1862 $501 02, and this office has no information of its having been paid into the Treasury the fact however, can there be ascertained.

Very Respectly Your Ob't Servant,
J. M. EDMUNDS, Com.

(COPY.)
WASHINGTON D. C. October 11th 1865

DEAR SIR—In accordance with the suggestion of the Hon. Mr. Edmunds Commissioner of the General Land Office, I have called upon the First Comptroller of the Treasury, and asked for a statement of the account of Mr. Milton H. Abbott, who was once a Buchanan officer in Minnesota, a Receiver of Public Moneys, but now lives in or near to Pike county Illinois.

The Comptroller told me that it would require a great deal of trouble and time to make a complete statement of Mr. Abbott's account, which ran through a period of about four years; but he said after looking at the balance sheets that it was certainly true that the amount of $501

Fay on Representation

Mr Fay, in his speech Thursday night, took the position that the rebellious States had never been *out* of the Union; that every State in the Union is entitled to representation, that it is a violation of the Constitution to keep out a single representative who comes up with regular credentials of election, that no right exists anywhere under our Constitution to levy and collect taxes without granting at the same time the right of representation.

While this is partly true, it is partly false We believe it true that the States have not been out of the Union in the sense contemplated by their ordinances of secession. We believe it to be quite as true that their relations with the United States were, by the fact of rebellion and the force of arms, interrupted and broken in such manner that they could not be considered in the Union in the same sense as they were before the attempt to go out. For four years United States law was not and could not be enforced. U. S. officers were unknown in them These States had municipal, State and Confederate law making powers—city councils, State legislatures, and a Confederate Congress—which acknowledged no allegiance to the constitution or laws of the United States, and to which the people yielded obedience.

Does Mr. Fay believe that, while this condition of things existed and while those people, under the enforcement of such confederate law-making powers, were carrying on a gigantic war to secure the establishment of an independent government they could also send at any time representatives to the United States Congress? Will he pretend to say that a representative from South Carolina at any time from the firing on Ft. Sumter till the surrender of Gen. Lee in Virginia, could have come up to the United States Congress with a certificate of election and make a rightful claim to be admitted to a seat? If such a representative should have come and demanded admission during that time, would Congress have acted in an unconstitutional manner in refusing him a seat? If such a representative had a *right* to be admitted without question except as to the *regularity* of his election certificate, would not all the representative districts in the rebellious States have been entitled, also, to representation? Mr. Fay, to be consistent, must answer each of these questions affirmatively. Then, had Congress taken the same ground, we might have witnessed, as Mr. Mallory said, in substance, the extraordinary spectacle of eleven States, having each a hostile constitution, confederated together under a hostile compact, with a complete congress claiming entire independence of United States authority, yet sending up full delegations of hostile representatives to the Congress of the United States, to vote against raising troops to quell the rebellion, against all bills for raising money to carry on the ordinary affairs of the government, against every measure for hindering complete secession, and *for* relinquishing to the Southern Confederacy all claim to sovereignty over the seceding States. If Mr. Fay's proposition be correct, the rebellious States might, in the exercise of their constitutional rights, have done all this. If Mr. Fay admits, as we affirm, that the rebellious States could not have demanded, under the circumstances cited, representation in the United States Congress, his proposition is gone entirely, and he must further admit that the States were in such condition as to bring it within the legitimate province of Congress to decide whether their representatives should be admitted to seats. Having admitted that much, the whole Democratic argument (?) against the right of Congress to keep out representatives, falls to the ground, and the declamation of Mr. Fay becomes mere pettifogging demagogueism.

Again, Mr. Fay's argument proves too much when he says that there can be no rightful taxation without co-existent representation. *He* proves that every man who is taxed has the right to be represented, and therefore proves that every negro, Chinaman or Indian, who is taxed has the right of suffrage—for in no other way is any man represented. The idea of representation is inseparably connected with that of suffrage. Mr. Fay will deny that any negro, Chinaman or Indian has a right to the exercise of suffrage, and will in the same breath deny the right of such persons to be exempt from taxation He has always, as a member of the Oregon Legislature sought to tax them Mr Fay's argument of Thursday night, as so said Friday morning, was unfortunate, to being false to fact in some particulars, while for his cause, it proved too much, and was upset by itself.

State Items

G. D. GILMAN having declined to be a candidate on the Waste Democratic Ticket, the County Central Committee have placed John Williams on the ticket in his stead, for County Commissioner Williams is the man who vouched for the genuine 'Simon pure' Democracy of Joe Teal by assuring the Convention that Joe had been "all the time a Secessionist and rebel"

The Board of Trustees of Jacksonville recently appropriated $500 for the improvement of the streets of that town,

The Sentinel says "We are informed that a greater part of the fruit in Josephine county has been killed. In some localities it is all dead In this county in certain localities it is greatly injured, especially on the lower part of Rogue river In town here, the frost has done no material damage, and the same is the fact at Ashland and vicinity."

Thos Armstrong, of Jackson county, was arrested on Monday night by City Marshal Banks, and fined on Tuesday morning twenty five dollars for cruel and inhuman treatment of horses

The Sentinel says business is getting more lively in Jacksonville

E K. Anderson filed a complaint in the Circuit Court for Jackson county, on the 1st of May, against C O Buxley, alleging that the defendant had sold him property to which he had no title, and praying for damages, in the sum of two thousand dollars

The Oregon Centenary Convention of the Methodist Episcopal Church, will meet at Salem on the 16th inst This is merely a celebration of the hundredth anniversary of American Methodism The clergy and lay members participate without distinction, and all are invited to attend

We find the following in the editorial columns of the Red Bluff *Independent*: "Our old friend and boss, Charles B Fisher, Esq, after spending a few days in town last week, seeing his friends, took his departure again for Sacramento to make arrangements for moving to Portland, Oregon Charles goes to Portland to take a position as associate editor on the Daily Herald We wish our friend every success and prosperity, and hope that the *Or Dis* of his late townsboys *pren* will not hurt him any"

[DESPATCHES TO THE OREGONIAN]

DATES TO MAY 5.

Washington News

WASHINGTON, May 3.—The Ways and Means Committee have considered the whole tax bill since repealing it, and have charged to heal the bill reprinted Among the changes, the tax on gross receipts, Express and Telegraph companies to be at five per cent

The Union bill was not settled to the President yesterday

Considerable excitement was caused by the suspension of the Merchants National Bank The following are the depositors and amounts Certificates of deposit $1,000,000 Individual deposits subject to check $1,000,000 Total $2,000,000 The assets were over $3,000,000 The bank is expected to resume in a few days

The Senate committee on public lands objected to the bill in favor of granting lands to aid in the construction of a military road in Oregon The House passed a bill establishing a mint and assay office at Helena, Montana Territory, and prohibiting the payment of members thereof

A testimony debate was had in the army appropriation bill on the Mexican Census advocated an amendment requiring the Quartermaster's Department to purchase blankets in San Francisco to supply the Pacific department and spoke highly of the superior quality and cheapness of the blankets made there He finally withdrew his amendment on the suggestion of Senator Sherman who said the desired end could be reached by receiving the proposals to be advertised in California and leaving competition the same as now

WASHINGTON, May 5.—The bill revising the grade of General passed the House with only eleven dissenting votes

An amendment offered by Stevens of Pennsylvania, providing that the vacant office of Lieutenant General shall not be filled during Scott's life was promptly rejected The debate was highly intelligent

Stevens stated that the reconstruction report fixed upon three bases of action, but in fact ran which has been before the House for its action, but in fact ran which he could not then support—a form recognizing by implication the right of each State to disfranchise a portion of its citizens, on account of race or color In its present form he would support it The 3d section, however, if it was adopted by Congress, would defeat the whole, for no Southern State would then ratify it, and their people would be ready if they did. While not willing to make these propositions a conditions precedent to Southern representation, he (Stevens) was willing to vote that all except the 3d section, should be passed by Congress and submitted to the States for ratification He expressed a belief that all states to be affected, should be now represented, but did not hold it essential to the validity of Congressional action, that they should be thus represented.

Wilson, of Iowa, called Raymond to account about some inconsistency between his position on the pending measure and his position on the civil rights bill

Raymond, acknowledging the interest taken in his record by the gentleman from Iowa, explained it to be no inconsistency at all

Stevens, of Pennsylvania, gave notice that at three o'clock to-morrow he would call the previous question, and ask a vote on the joint resolution A strong effort will be made to throw out the third section, and prominent republicans to-night believe the effort will prevail

NEW YORK, May 5.—The *Commercial Advertiser's* special dispatch says: The President stated that he should veto the bill for the admission of Colorado

The duties on the revenue tax will be commenced in the House on Monday

The Late Riot at Memphis.

MEMPHIS, May 4th.—The riot is happily ended and no further trouble is expected The negroes continue to leave the city The *Bulletin* ascribes the riot to the antipathy between the Irish and negroes and does not credit the report that it was premeditated by the negroes. The *Avalanche* says a stuff was engineered by fanatical abolitionists. The *Post* (Radical,) has little further than to report the affair The citizens generally are burn blated by an event which they could not prevent, and for which they disclaim the responsibility There has been a great accumulation of negroes in this town previous has been a fruitful source of trouble, and they can well be spared

CHICAGO May 5.—The *Times* Washington special says The President's Bureau have received despatches from Memphis saying that the riot commenced in an affray between a party of discharged negro soldiers and a squad of police, both parties being at fault—the latter for using unnecessary violence, and the former for resisting their authority About thirty colored persons were killed during the three days, and all the negro school houses and churches were burned On Wednesday night all was quiet.

The *Tribune's* Washington special dispatch of the 5th says The Senate Finance Committee have agreed to report Mr. Sherman's loan bill without amendment

Trade in New York

NEW YORK May 5th.—The *Journal of Commerce* says. The week has been one of excitement in business circles lower than Wall street, caused by the discovery that the Legislature before its adjournment passed an act which imposes a State tax of one per cent on all brokers sales of foreign or domestic wines and ardent spirits one half per cent on the sales of merchandize or produce imported, and three quarters of one per cent on the sales of any foreign produce. It is estimated that seven hundred millions of merchandize was sold last year through the brokers in this city, and exactly how much will be subject to this tax we cannot say But the interest this effort of the Legislature, and if the law be executed it will cause an immense revolution in the trade of the metropolis Boston will be enabled to bring back a large part of the tea trade, Philadelphia and Baltimore will abstract no inconsiderable portion of the coffee and sugar trade, since this State tax will amount to very a high burden on all cargo movements. No heavier blow was ever aimed at the supremacy of New York, and we see no way in which it can be resisted or avoided

The New Loan Bill

CHICAGO, May 5.—The New York *Times* says this measure (the loan bill) was most favorably received yesterday in financial circles, and is understood as having been shaped to meet, after careful consideration, the views of Secretary McCulloch. That the measure will be acted upon favorably is noted upon in the national legislature, we have no reason to doubt That the credit of the issue offices it provides for can be negotiated, we are well assured from the present temper of the money market With enormous accumulations of idle capital in great business centers, and in view of the prevailing law the feasibility of placing the cancellation five per cent coin bearing material securities of not less than par cannot be questioned. The security is especially designed not to liquidate, but to fund the public debt and prepare for its steady liquidation as such and with the immunities and privileges accorded to it, it cannot fail to find an eager subscription now when peace and the Union are restored and the national credit greatly consolidated as did the five twenty bonds in the midst of civil war and direst fears of the Republic

Confirmations—Pacific Railroad—Habeas Corpus.

WASHINGTON May 5.—The Senate yesterday confirmed Hon. Lewis D Campbell as Minister to the Republic of Mexico, also the following brevet Major Generals in the regular army Irwin McDowell, John Pope, Oliver O Howard, Joseph Hooker, Winfield Scott, Hancock H Goodhue, Alfred H Terry Edwin O C Band Edward O Canby S S Sey, E R. Townsend Jos Holt, Richard Delafield, Hardee W. B Hotchkiss, Emil P Reintzelman and W. E Benny

Both houses passed a resolution extending the time for the completion of the first hundred miles of the eastern division of the Union Pacific Railroad for two years The time for the Northern Pacific Railroad on all its sections

The committee of conference having agreed on an amendatory habeas corpus act, it passed both houses, and only awaits the signature of the President It protects every officer who, while acting under orders made what is known as arbitrary arrests during the war and also removes all such suits from State to Federal courts

The House yesterday passed the bill creating the office of Surveyor General for the Territory of Idaho

THE WEEKLY OREGONIAN.

THE WEEKLY OREGONIAN is published this morning. It contains the latest telegraphic news from the East and Officials—a selection of the best articles appearing in the DAILY OREGONIAN—full and reliable news from the Coast, and the most copious commercial information published by any paper in the State.

The average amount of reading matter in the WEEKLY OREGONIAN is double that published by any other journal in Oregon, and in the particular of Commercial statistics and the Markets we aim to make it the most reliable paper especially in matters pertaining to Oregon interests.

☞ Single copies 12½ cents, or $3 00 per year, to any part of the United States or British Columbia.

THE RESOURCES OF OREGON.—The concluding letter of A B Richardson to the New York *Tribune*, has the following paragraphs: The mineral resources of Oregon are very great. The gold and silver quartz lodes already yield richly. Iron is found in abundance within 15 miles of Portland. Some of it has assayed 60 per cent. pure metal. Wood is plentiful and the ore ought to be reduced here. The Pacific coast uses 70 tons of iron daily, but imports it all from the Atlantic coast, except the supply in Vancouver Island which comes from Scotland. I saw much, also of the Santiam gold mines a few miles from Salem, the Capital of the State. They seem to equal even the rich deposits of Idaho. The writer might have continued his remarks on the subject as to here, within a short distance of this city are inexhaustible beds of coal, which if developed would certainly yield equal to the coal mines of Pennsylvania which so supply from a late number of the Boston *Traveler*, have steadily increased since 1820 and all who have invested in this business understand. Eagle have made large returns only the coal consumed in the manufacture of our gas, and upon our steamers is imported and duties are paid upon it. So, also with regard to salt. The salt springs below this city yield an article—as we are informed from reliable parties—that is better for ordinary purposes, than that import d from foreign ports. How long the trade of Oregon will be deprived of the benefits arising from the development of these resources remains to be seen—not a very great length of time, however, we hope, as already the machinery for opening our iron mines is on the way here from the East, and probably within 30 days operations will be commenced at the salt springs. This favory section of the country is devising means to make it a particularly self sustaining point, it is and easily fitting for the people of Oregon to be doing something. There is, perhaps, no section of country in the world where mankind generally have better prospects, or where a more prosperous condition than they are in (hope just now, but what might it not be?) The agricultural lands are unsurpassed our timber is of the finest growth in the world water in abundance and wherever the soil is cultivated, or manufacturing establishments, the projectors have met with unbounded success. Let our people take advantage of these opportunities and the result will be that we shall soon find up State the most beautiful and highly favored section on the continent.

ABSCONDED FOR.—The *Advocate*, in making mention of the sudden and mysterious disappearance from the city of Prof. S. D. Sayre, who has taught in the Portland Academy for several months past, says: "He was engaged to remain another quarter in the school, said nothing of leaving and had expressed no dissatisfaction with his position. If certain business obligations had been honorably fulfilled no one would have been afflicted by his leaving." So we have gained a clue to the mystery, and from latest inquiry have been forced to the conclusion that the teacher has absconded purposely to avoid discharging certain debts of honor. The public must now be apprised of the truth of the matter, and it appears that Sayre was strictly dishonest. Among the many obligations in this city now remaining unconnected by him amounting in the aggregate to several hundred dollars we learn that he forgot to return a borrowed gold watch aloud by a lady as a keepsake more than for its intrinsic worth. That he forgot to pay one of our leading jewelry merchants for another gold watch, purchased on time that he failed to account for the proceeds of the lectures given as a benefit to the Academy Library. That he borrowed sums varying from $25 to $100 from personal friends, which may be considered as lost, etc., etc. Under these circumstances we join with our neighbor in saying that the community, at least, will not be afflicted by his leaving. Here is another rogue that loses upon the country, and for the benefit of the community we should like to see the press of California and Oregon pass him round. Enough has been ascertained to lead us to believe that he left Portland by the steamship *Sierra Nevada*, on the last trip to San Francisco, about ten days ago.

IMPROVEMENT IN ARCHITECTURE.—We are informed by passengers just returned from San Francisco that the late severe earthquake shocks have caused a very radical change in the architecture of the city buildings. The style of buildings adopted in Eastern cities generally, and which were so prevalent in the days past of San Francisco, is being speedily cast aside, and a much more substantial style of building is being adopted. We are informed that San Francisco can now boast of as fine buildings as any of her sister cities of America, and while this is not, we regard to be able to say further—its That some of our own property holders are being awakened to a lively interest in this matter, and feel a determination not to be rivalled by San Francisco in the classof buildings erected for them in our city. The steamship *Montezuma*, which arrived on Thursday evening brought some of the largest sized plate glass ever imported to the coast, and about two hundred tons of other material for the new buildings of Mr. C. M. Carter, to be erected on the corner of Alder and Front streets. Some idea of this plate glass may be formed when we state that it was purchased of the importers, Wm. H. Rosenbaum & Co., San Francisco, at a cost of $600 per light. We like to note these things, as they are positive proof that Portland moves in the right direction.

THE WASHINGTON GUARDS.—This Company, Capt. Mills, was out on a parade last evening, and its members seem to have lost none of their energy to keep up the organization under the militia law of the State, although the law in itself presents but a slight inducement to them. Our State Legislature, at the next session, should make some needed amendments to the present enactment. The matter has been called to our attention, and we shall soon recur to the subject, with a hope of bringing it to the attention of the public in a proper light. One of the members of the company last evening informed us that the Guards did not claim all the honors arising from the approaching military and civic feast, to be given on the occasion of opening Oro Fino Hall. The band of the 14th Infantry is to join with the Guards, and both expect to be alike benefitted by the evening. We trust they may succeed with success in the event.

LETTER FROM DR. HAWTHORNE.—Dr. Hawthorne, who at present travelling in the East, has visited a number of Asylums, and his account of their management presents quite an interesting theme. In all of his observations thus far he has been unable to observe that the management of the eastern institutions are in any way superior to the method of treatment at the home institution, and so far as regards the Executive, means the Doctor advises his partner in business, Dr. Loryea, that while they, of the Oregon Insane Asylum, have often regretted that those means were so meagre here, they are even now so much superior, both in extent and quality, in proportion to the numbers, to those of the East, that the good results much greater in Oregon than elsewhere. We have before referred to reports of Insane Asylums which corroborate this statement.

IMPOSITION.—It seems that the ships of the California Steam Navigation Company, and certain of their officers, well known by this community, are not the only ones engaged as smugglers in this State. The inmates of county jail are perhaps as well fed, and comfortable as prisoners generally, but as the tax payers support the inmates of the population in idleness, the inconveniences of the confined show conclusively that they would consider a few drinks of hard whiskey thrown in daily as something belonging to the necessities of gentlemen of leisure, and with a view of supplying this deficiency John *Carter* was caught, on Thursday, in the act of passing the needful to them, through the p hon grating. He was arrested and arraigned before Judge Hoffman yesterday, on a charge of smuggling whiskey into the city jail, but as the law was not adequate to the case he was discharged.

ON A SPREE.—A drunken woman appeared on the streets of the city yesterday, attracting considerable attention. She succeeded in drawing a large crowd of spectators to the vicinity of a fish market on Washington street, where the draymen whom she had employed to cart her baggage about the city refused to go further, without definite knowledge of the place to which she wished to have her effects consigned. Finally taking both woman and trunk on board he drove up Second street, and the crowd dispersed. She was very emphatic in impressing the idea upon her bearers that she was from the Erin Isle, and was as good a heinan as any of them. Enough that is disgusting about a drunken man, but when one of the usually considered "gentler sex" get on a spree, their actions are repulsive in the extreme.

TABLE CUTS ROOMS.—Messrs. Scott Hitchcock and others, have been busily employed for two days, as we pleased to announce, in fitting the Rising Sun Hall up stairs No 13 Washington street, for the purpose of a Union Club Room. The hall was about ready for use last evening, and when completed will be a very attractive place with an audience room calculated for seating comforta bly 800 persons, well ventilated and lighted,—with a convenient speaker's stand, reading room etc. The county committee have taken the matter in hand, and we are informed will issue a call for the organization of the club soon. This is a good movement, and one that will be appreciated.

DELIVERY ABOVE.—The reason why the Nicolai pavement was not completed on Front street last season as it should have been is one, was on account of the failure of other branches of the contract to keep out of the way of the Nicolai pavers. We notice that a very striking contrast in the course pursued on Front street, in visiting the work as it pays, compared with that of the Alder street. The few days are in the way just now. For the sake of the city we trust there may be no dallying with this work. All persons who wish to lay gas or water pipes, street sewers etc., should not wait until the last day, and in the after noon at that.

THE HORNET.—We are in receipt of the first copy of the above annual, published in this city. The exact location of the publication office is unknown but it is supposed to be in the vicinity of Harbaugh & Stitzel's mill North Portland, as the power used in working the sheet is obtained from their steam engine. Wm. Block Tackling appears as editor and the proprietors, as the first page states the terms to be $1 per copy in a horn."

THE LAST PORTLAND MEETING.—Our friends in the city and far as they can should turn out to the speaking at East Portland School House this evening. The rostrum there are most hospitably disposed and we hope they may not be disappointed in their expectation of seeing a large crowd in attendance on this occasion.

STEAMER DAY.—The California Steam Navigation Company's steamer *Oriziaba*, Capt. Metzger and the steamer *Wasp*, Capt. Kelly, of the Opposition Line, leave this city this evening at 7 and 8 o'clock respectively, for San Francisco.

Overpowering Logic.

James D Fay, in his speech here on Thursday evening, indignantly and with much profanity, denied that he had ever been in favor of or that he had ever acknowledged the right of secession. The next moment he frankly admitted that he had always been of opinion that the Government had no constitutional right or power to employ coercive measures to quell the rebellion! Here's "Democratic" logic! Opposed to secession and equally opposed to preventing it! No right to secede, and no power in the Government to prevent secession! What a bundle of negatives our Constitution (by Democratic interpretation,) is to be sure.

NICOLSON PAVEMENT.—This Pavement, which has been so famous, is now being laid in front of Ellsworth & Cardwell's Photographic Gallery and National Museum on First street, between Washington and Alder. As famous things frequently go together it seems eminently proper that the contractor should commence on this block. This improvement does not interfere with the taking of those splendid pictures at the Cardwell Gallery.

HOSTETTER'S CELEBRATED STOMACH BITTERS

READ AND REFLECT.

Make sure of HEALTH! "But how?" you ask; We answer, in an easy task,
Strengthen the STOMACH and sustain
The NERVES, the servants of the brain.
The LIVER keep in active play
And regulate, from day to day
Its healthful functions, then with ease
Disease will leave you by degrees;
Thus while, by the use of this Panacea, we
Restore the health of the body,
We also purify the blood,
Which is the fountain of good.
Then if you would be healthy, wise and strong,
Be temperate in all things, and
Use HOSTETTER'S STOMACH BITTERS.

In dyspepsia, fever and ague, bilious complaints constitutional nervous debility, constipation sea-sickness, quarrels, and in all complaints of Man or Woman, proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

To wanderers on sea or land
From Polar shore to Tropic strand;
To households lone in regions new,
And dwellers in great cities, too;
To soldiers in camp, fort and field,
Who need against disease a shield;
To sailors, California bound,
And tillers of wet, marshy ground,
To feeble wives of fragile mold,
To young and middle aged and old,
To those in health, who would enjoy
Heaven a best gifts without alloy;
To all the strengthless, weak and pale,
Who droop, yet know not what they ail,
Hostetter's Bitters we present
As Health's most potent element.

If there is any value in public opinion, or any weight in medical testimony, the very best and safest Tonic, Corrective and Alterative now before the world is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Sold by respectable druggists in all parts of the world.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, dizziness after eating, torpid liver, constipation &c, deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities and warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and must supercede all other tonics wherein healthy, gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhœa and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.
They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of imposters. Examine every bottle. See that it has our private U S Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person purchasing so-call Plantation Bitters by the gallon or by Bulk, is an imposter. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U S Law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen merchants, &c is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians hotels, saloons, steamboats and country stores.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandize, which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

"Once I was pure as the snow—but I fell!
Fell like the snow-flakes from Heaven to hell;
Fell, to be trampled like filth in the street;
Fell, to be scoffed, to be spit on and beat."
—*From the poem of "The Beautiful Snow."*

Crouched in an archway, cold and bare,
Famished and chilled with the wintry air,
And guarded always with her long dark hair,
A woman lay.

A woman that once was pure and white
As the angels that stand in the presence bright
Of the Undefiled, but souls of light
Are sacred in clay.

She lay on the cold, unpitying stones,
But past was the hour of sighs and groans;
Her heart was breaking with tears and moans,
As the snow came down.

"Once I was pure as the snow," she said;
"Oh pitying God, that I were dead!"
With the snow I am lying beneath the tread
Of the heartless town."

The white snow, trodden by passing feet,
Grew foul and black, and of her the street
Soon flowed in many a darksome sheet—
Impure and cold.

Then came the frosty midnight air—
A miracle, lo! on the gutter there;
'Twas changed to a crystalline, pure and fair—
Spotless of mould.

The woman's eyes, with their fading gleam,
Saw a wondrous hope in the charming stream;
And low she murmured, as in a dream—
"Sweet Savior, hear!"

Then over her visage was there stole,
A still, calm beauty, as though her soul
No longer was subject to Sin's control,
Nor doubt, nor fear.

The morning sun threw a crimson glow
O'er the holy scene that was spread below,
Where, wrapped in a mantle of spotless snow,
A woman died.

Where a soul upress from the frozen clay,
And upward, heavenward, winged its way,
All tarnish of evil washed away—
Redeemed and purified.

Loyalty in Tennessee.

They have held their election for county and local officers in Tennessee, whose present Constitution expressly disfranchises all who upheld the rebellion. That restriction proved a force. The rebels not only voted almost everywhere, but they often held the election, and cut the Constitution openly at defiance. Here is the summary of the Nashville Press:

A Tennessee Union officer writes from Smith county that the rebels there are defiant, and openly boast that the bayonets have left the county and they will now rule it. There are 300 Union voters in Smith, and yet 1,300 certificates were issued to voters. The Revenue Collector is a discharged rebel soldier.

In Putnam county not a sound Union man was elected. Some of the most dangerous men in the county were elected, among them several bushwhackers. The line was in most cases strictly drawn between Union men and rebels.

In Overton the rebels made nearly a clean sweep of the offices. In many cases rebels held the election who were not entitled to vote.

In Henry county, all the officers elect are rebels, except two, and these were elected through rebel influence. The franchise law was utterly disregarded.

In Sumner county the Trustee elect is a rebel Captain who is disfranchised; he defeated two Union candidates by a very large majority.

In Wilson county the franchise law was almost a complete nullity, and not a Union man has been elected to office. As an evidence of the feeling which prevails there, we are informed that two officers went to Lebanon recently with a company of colored troops and were refused admittance to most of the boarding houses, on the ground that they were in command of negroes.

The election in Fayette county has gone off well, and good men have been elected.

In Manchester county one of the magistrates elect was a rebel conscript officer.

Colonists in Weakley county want to know whether they are to be put under rebel rule or not. Of the magistrates elect, twenty are rebels and sixteen Union men.

Sequatchie county presents a spotted list. One of the most important officers has been a rebel all the time, and hunted down Union men with rebe companies in 1861; was one of a gang which hung Mr. Hughs until he was almost dead, to order to make him tell where Union men were concealed. Three of the magistrates were rebels, but said to be peaceable citizens; the others are said to be sound Union men.

In Grundy county the people voted without presenting their registration certificates. The following is a sample of the certificates which were issued;

I certify that A B is a legal voter of this county. Given under my hand, etc. ——Clerk.

By Deputy, ——.

In Giles county all the old officers who were loyal men were badly beaten by the original disunionists, some of them just from the field. In most of the districts men were allowed to vote without the least regard to certificates; in several districts loyal Judges, disgusted at the condition of affairs, left their places and refused to act, where the populace seemed bent on trampling upon the law; and rebels took their places, and invited everybody to vote.

Conservative candidates, who pandered to the disloyal element, were badly beaten. Rebels boast that the time is close at hand when every man who held office under Lincoln will be laid on the shelf and forever excluded from public confidence.

In Haywood county the officers elect are said to be good men, with the exception of three or four. The gentleman who sends this information gives a different report from the counties adjoining. The Union men are dissatisfied with the resignation of their representative, Ferguson, under the circumstances.

In Coffee county a returned Union soldier, an exemplary young man, who produced a legal certificate of resignation, was refused a vote by a rebel Judge. The soldier formerly lived in East Tennessee.

The candidate for County Judge in Sumner county, who had held that office by appointment of Governor Johnson, and had given universal satisfaction to Union people, was badly beaten.

Interesting Items from St. Louis.

A St. Louis letter-writer furnishes the following:

It is understood the Western Union Company have authorized additional wires to be put up on the route across the plains, which will be of much service to California. First—A new line is to be built from Kansas City to Salt Lake via Fort Riley, the Smoky Hill Fork and Denver City through the passage to Fort Bridger, and so on the old route to Salt Lake. Second—A new line is to be built either from Fort Laramie or Salt Lake City northward to Idaho and Montanna, to Oregon and Washington Territories, with a view of ultimately connecting with the Russian line. Third—Additional wires are to be placed on the present poles of the Pacific Telegraph, so as to double the capacity of the present National line. All those extensions and improvements have been fully authorized; and the details are in the hands of Mr. E. Creighton, the present Superintendent of the Pacific line between Chicago and Salt Lake.

THE ENORMOUS TRADE WITH MONTANA.

The rush of goods and passengers from this side to Montana has been truly wonderful. Every other sort of shipping business has been dull, and the piles of provisions and miscellaneous goods shipped to Fort Benton, reminds one of the palmy days of '49. There is one item in the St. Louis account which your San Francisco merchants failed to take notice of. Insurance to Montana from St. Louis costs from six to ten per cent. It ought not to cost over three from San Francisco.

PROBABLE DISAPPOINTMENTS IN MONTANA.

One probability is that there will be many very serious disappointments in Montana this summer among miners, and merchants. Acting on the probable failure of merchants to realize cost on their goods, a gentleman of enterprise and wealth, well known in the West, has sent his brother to Montana with a cash capital of $100,000 to invest in goods, in the firm belief the markets will be glutted on the arrival of the fleets from St Louis, and goods sold below cost. It'll fill his expectation to buy and hold, waiting for the surplus goods to be consumed, and make a demand for the residue. Many young men are going to Montana to seek their fortunes, without any large means or adequate knowledge of the country they are going to; these young men are rushing, many of them, headlong to destruction; the brilliant hopes of to-day will contrast very gloomily with the disappointments of six months hence.

The Petersburg (Va.) *Express* has information direct from Toronto, Canada, that John C. Brockbridge is there. "Care is making its mark on his face. His hair, which four years ago was as black as jet, is now hoary. He is weary of exile, and anxious to return to home and friends." Ex-Governor Price, of New Jersey, is going to Washington to intercede for him."

One of the Government Revenue Detectives seriously informs the Commissioner of Customs that the Canada smugglers have laid pipes across the St. Lawrence river, and are engaged in pumping whisky from Canada to the United States. He says he is searching for the spout.

NEVADA.—In this State political affairs are beginning to engage the attention of the people. The Humboldt *Register* announces the first candidate for State office, in the person of A. K. P. Safford, for the Governorship.

THE EFFECT OF THE CONNECTICUT ELECTION.—The Western Copperheads are sore to-day over the news of the Union success in Connecticut. They expected a different result. At the Presidential contest Lincoln had less than three thousand majority over McClellan, and although the Union majority in the spring of 1865 was larger, a small vote was polled, and the Democrats stayed at home. This year every man was out. Upon a canvass of the State by the several parties, made last week, the Union State Central Committee gave their candidate about two thousand plurality, and counted two thousand five hundred votes as doubtful. The Democrats gave their candidate about one thousand five hundred plurality, and counted one thousand five hundred as doubtful, leaving the impression that if the Democrats got any of the doubtful votes, they would win a victory. The Union estimate was nearest correct, and at the present writing the Union candidate, General Hawley, has about one thousand majority. This must be regarded, virtually, as a rebuke to Senator Dixon, and an affirmation of the voice of Connecticut against the President, because it was affirmed repeatedly on the stump, by Congressmen and others, that the President had expressed a wish for the success of the Democratic ticket, and inasmuch as he refused to accept the resignation of Postmaster Cleveland, of Hartford, when it was put to him in such a way that he must endorse the Democratic candidate for Governor, by declining to accept the resignation.—*Correspondence Alta.*

FINANCE AND COMMERCE.

WEEKLY REVIEW.

PORTLAND, May 11th, 1866.

For the past few days trade has greatly revived, and the dullness of the three weeks previous has given way to a more lively state of feeling than at any former time.

The flow of treasure, which has arrived from the mining interior rather sparingly for the period that has elapsed since the close of active operations last fall, has again set in with considerable increase over corresponding dates for the year 1865, and promises abundantly for the year 1866.

The flour and grain markets continue inactive. The mills are generally supplied with wheat, and there is but little offering, with no buyers in the market to speak of.

Oregon Butter is offered in small lots, at prices ranging from 30 to 45c. California fresh roll is held at 42½c. With the exception of butter, the stock of domestic produce is large, with a slight demand.

There is the same scarcity of money, and the demand for small amounts to meet ordinary transactions, is considerably on the increase. We do not apprehend that this stringency will in any way be very greatly extended, as the reports which reach us from the upper country, all tend to show a prosperous state of things in the mining regions, and with every shipment of treasure, orders of note are received for merchandize; hence, trade is made much more favorable.

Wholesale and Jobbing Prices.

PORTLAND, May 11th, 1866.

The arrivals for the week have kept the merchandize markets well supplied, and at the present time we remark very full stocks in all departments of business. Prices, it will be observed, are nominally unchanged. A slight depreciation in Coffee and a few other articles in the staple grocery line will be noticed.

SOMETHING NEW AND NOVEL.

A PATENT APPLIED FOR.—Mr. HENDEE has invented an article by which he can take any number of Head Pictures on the same plate without the subject getting up from the chair, and get different positions of the head all sizes of heads, can put a half dozen heads in the space of a half dollar; can put a whole family of heads on a common sized card, and will sell pictures cheaper than any other Gallery on this coast. Has the process for taking the new and beautiful style picture called the Porcelain or Silk Panel, so much talked of in San Francisco, also has engaged a man from that place who has been making those pictures in San Francisco.

Mr. H. is now prepared to do as good work and in as great variety of style as any Gallery in Portland. Orders for full portrait size of photograph will be promptly attended to. apthlfdtf

HOW NATURAL, AND YET HOW AGREEABLE it is to enjoy the comforts of a good bed to rest his or her weary limbs upon, and I can say from experience that there is no style of bed that compares with the MOULTON'S SPRING BED BOTTOM, BRADLEY'S PATENT, for Health and Comfort, Durability and Cheapness, can be attached to any bedstead and does not get out of order. The model of this bed bottom can be seen at HENDEE'S PHOTOGRAPH GALLERY, and orders taken for all that may wish to purchase. Also, the full size bed in working order can be seen and had on short notice at Mr. Wilcox's Furniture store, on Front street, near the bridge. Price—Double-Bed, $10; Single-Bed, $7.

Mr. Hendee will take by his New Invention Heat Pictures for $1 50 per dozen. Will be at his Rooms from 8 A. M. to 4 P. M. myhlfdtf

Medical.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS AT tended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the assistance and related organization is at once refreshed, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he quivers with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your loins? CONSTITUTION WATER will relieve you like magic.
